Features & Benefits

T4455 Cabinet Cross-Key 12 in 1, utilises the well-known and popular Cross-key design and is the evolution of our popular 495002 model. Suitable for all common cabinet closures found in Electrical engineering, gas and water supply; it offers users even more versatility with three key heads, incorporating double functionality. This improvement doesn't sacrifice the overall size or aesthetic, meaning users will welcome the additional functionality in a tried and tested design. Manufactured from Die-Cast Zinc, the T4455 is tough and durable, well suited for industrial applications. The key comes with a chain mounted, screwdriver bit adapter and double ended bit as standard.
