

ALUMINIUM PANELS

We offer a comprehensive range of panels in aluminium to suit both 19" and "half width" practices. In addition, vented panels are available to provide an inlet of air for racks and enclosures.

Material Specification

3mm Aluminium NS4

Finish

Anodised Panels – Etched and Anodised – finished on front face only. (Denoted by the smooth sheer edges)

Painted Panels – Pale grey textured paint to IMRAK colour RAL 7035

19" X 3MM ALUMINIUM PLAIN PANELS
